BOARD OF TRADE WILL RETAIN ITS

The Governors Did Not Take Kindly to the Fitzgerald or Pyle

House Propositions.

OLD QUARTERS.

The proposition to purchase the Fitzgerald building for Board of Trade purposes received its death blow at the meeting trive to make their presence known also. of the governors last night, thirteen voting in favor of making the purchase and eighteen against it. The special committee that had been appointed to investigate and secure a proposition from Mr. Fitzgerald was discharged and the matter of a new building for the Board of Trade is now practically dead. E. B. Martindale reported for the committee. The proposition was that Mr. Fitzgerald would accept the old building at \$60,000 and the board's assets at \$40,000, and n exchange agreed to add two stories to the building and make improvements to the extent of \$25,-000 to be paid by the board, and accept a mortgage of \$125,000 on the property to secure the remainder of the payment. The proposition, in short, was that the new

Many members of the board took part in the discussion that followed the report of the committee. After Mr. Martindale had presented his propositon S. M. Dyer of | dive from a much higher point than he did fered a propostion to purchase the Pyle last season, and his act differed also in House property at Ohio and Meridian that he ascended to the diving platform Mrs. Keno called Mrs. Chandler, who went streets. ## FUN FOR THE CHILDREN

THE ANNUAL APPEARANCE OF THE GENTRY SHOW WELCOMED.

A Larger and Better Exhibition This Year Than Ever Before-Some of the Acts.

The big tents of the Gentry dog and pony show were all in place yesterday morning or the half-square vacant lot at the corner of Capitol avenue and Sixteenth street, and almost before the diminutive little actors were fully awake for the day children were swarming about the "white city," eager for a glimpse of the attractions within. Every move made by the circus employes was watched by scores of juvenile eyes, Albert Gall and when some of the dogs, ponies and ele-

asm knew no bounds. The parade, which started from the show grounds about 10 o'clock, was the magnet that drew a host of children from a distance of many squares. This portion of the entertainment was a decided success. It enabled patrons to see for themselves the progress that has been made by Professor animals in the show this year than ever before, and the equipment is more extensive and in better condition. A novelty was the appearance for the first time on the streets of this city of a genuine zebra in harness with a pony. The little striped antnal behaved very well except when the procession reached Sixteenth and Meridian, when it started to run away. Professor Gentry was watching the parade from his buggy, and as soon as he saw the antics of his pet leaped to the street and seized the bridle of the zebra. In some way he and the diminutive animal got entangled

were found comfortably housed in a tent almost as roomy as the exhibition tent. There are fifty dogs, of every conceivable variety, all of them highly trained. Of ponies Professor Gentry has sixty-seven head this season, and most of them are as "pretty as pictures." A team of the handsemest spotted ponies one ever laid eyes on cost \$1,000. Jim, the new baby elephant, is an interesting creature. Whenever his trainer approaches the animal gives him a gutteral greeting, at the same time reachng out his trunk for the tidbit he has come to expect. Pinto and Toby always con-When the hour of 7 rolled around last night the big exhibition tent was crowded o its utmost capacity. Juveniles were largely in the majority, but here and there could be seen older folks that used the well-worn excuse of chaperonage to enable them to enjoy a treat. For an hour before the entertainment Prof. Charles Cronk and his musicians regaled the audience with a concert of up-to-date selections. The programme given in the arena was received with vociferous applause. One of the best features of the performance was the demonstration of ability to educate ponies to go through various military maneuvers and dance movements. The Snyder family of canines, father, mother and baby in its little carriage, made a big hit. Fred and Jerry, two beautiful ponies, went through a neat waltz. The performance given by the dogs was enlivened by the comical antics of "Dish Rag," the clown dog. Another funny animal was the "rube" monkey that rode horseback in a jockey costume and turned somersaults while the steed was going at full speed. Scott, the famous canine bareback rider, went through all the feats that a human equestrian per-forms. Trixie, the diving dog, made his board would be considered. The fig- enjoyable features, and came to a trilling was regarded as too high when the close with the outbreak of a fire in the

### Gentry Show Car Burned.

A message from Topeka, Kan., gives details of the burning of the tent car of the dog and pony show No. 1, in charge of W. W. Gentry. The train was in full speed between Emporia and Topeka and was only made to retain the building and grounds was saved by running to a water tank, aided by the efforts of the showmen. The loss | was \$1,500.

WHILE THE CROWD LAUGHED

Indiana senators and representatives | Minnie Williams Jumped Into the Capal and Was Drowned.

Minnie Williams, colored, drowned herself yesterday about 11 o'clock in the canal near Twenty-third street, after having attempted to do so once near Fourteenth street and again above the aqueduct. She adjutant general and quartermaster general which a number of fishermen at first paid of the department, kept in Room 25 of the Statehouse by Col. R. M. Smock, who holds but little attention. Finally they became the position of assistant to both of those tired of her presence and told her the "bluff" was not good. She was laughed at even after she waded into the water. One woman, who thought she was in earnest, said when she climbed out on to a projecting beam at the Twenty-third-street bridge, "If you don't stop that foolishness I'll call the police." "You bet," said the Williams woman, "they can't catch me, and she jumped into the water. Later she waded toward the shore and then fell back The bicycle police were called and the body was recovered within a few minutes with grapling hooks. The police were able He says: "When I came to this country to learn little of the woman or the cause was married, but had separated from her

This exhibit will be open to the public all this week.

#### A SPECIAL MEETING HELD

STATE HEALTH BOARD CONSIDERS IMPORTANT BUSINESS.

Reports from Different Parts of the State Concerning Smallpox-Strawboard Licenses.

A special meeting of the State Board of Health was held in the secretary's office yesterday for the purpose of considering the smallpox epidemic and applications of strawboard companies for permission to dump refuse matter into running streams. Smallpox is epidemic in thirty-six counties, and the situation has become so alarming that the board asked Governor Durbin to allow requisitions to be made on the epidemic fund to pay the expenses incident to eradicating the scourge. To this the Governor readily assented. The board's special expense fund is about exhausted, which leaves it in no condition to cope with a arge epidemic.

Secretary Hurty was urged to lend all possible aid to people who send in petitions from smallpox districts. Dr. Hurty will go to De Kaib county to-day to investigate the ravages of the disease at Waterloo and Garrett, in that county. The board also reiterated its oft-repeated warning to the public to lose no time in being vaccinated. It is understood that in many schools of Indianapolis and other cities, while the pupils are being vaccinated, the teachers

are neglecting this precaution. Dr. Hurty has up to the present time received information that smallpox has appeared at the following places: Peland, Rochester, Morristown, Rockport, Garrett, Fountaintown, Waterloo, Connaravilla, Elnora and in new localities in Switzerland, Dubois, Vanderburg, Gibson and Perry counties. Dr. Cox, health officer of Spencer, conferred with Secretary Hurty yesterday concerning smallpox at Poland. He | Prof. Troop recommended that \$1,000 be pro-

The State Board of Health at its meeting yesterday received and considered further petitions from manufacturing plants for licenses to empty waste matter into streams at the high-water period. The secretary was directed to make examinations of these localities and report to the board at its next meeting.

#### New Case of Smallpox.

Another new case of smalipox was reported to the City Board of Health yesterday. The patient is John Banks, who lives in the family of Frank Beverus at 619 Maxwell street. Banks contracted the disease from one of the Beverus family.

#### PLACES TO BE FILLED.

Civil Service Examinations Will Be Held Here on June 3.

The following examinations for positions in the classified service of the United State will be held in this city June 3: Department assistant, Philippine service, salary in the harness, and the animal trainer re- | \$1,200; finance clerk, Philippine service, salceived a number of painful kicks. He was ary \$2,000; ethnologist, Smithsonian Instituable to walk around all right, however, by tion, salary \$1,800; plant physiologist, Department of Agriculture, salary \$1,800; A visit to the show yesterday afternoon was full of interest. The scores of animals | Horticulturist, Department of Agriculture, salary \$2,000; instrument and property clerk, Department of Agriculture, salary \$900; deputy United States shipping commissioner and clerk district of Puget sound, salary \$720; plant pathologist, Department of Agriculture, salary \$1,800; assistant in seed laboratory, Department of Agriculture, salary \$1,200; field assistant, Department of Agriculture, salary \$1,000; computer, De partment of Agriculture, salary \$1,000. These examinations are open to all citi zens of the United States who comply with the requirements and desire to enter the apply, and applicants will be examined. graded and certified with entire impartiality and wholly without regard to any con sideration save their ability as shown by the grade attained in the examination.

### SHOOTING OF A BABE.

Little Colored Child Accidentally Injured by Its Brother.

Bertha, the eighteen-months-old child of Samuel Valentine, colored, of 1204 North West street, was shot, probably fatally, yesterday afternoon by a brother, Lonnie Valentine, four years of age. The mother left the house, going to a doctor's office to have the oldest daughter vaccinated, leaving Bertha in the care of Lonnie and John, the latter six years of age. About 4 o'clock Lonnie ran into the house adjacent and exclaimed to Mrs. Keno: "Johnnie's playing with papa's gun and shot Bertha." rocker with the babe in his arms. Its clothing was covered with blood. Johnnie said Lonnie did the shooting. The father and mother came home soon after, and from what they could learn from the childresser drawer and took out the pistol. which was accidentally discharged. Dr. Edwards, who was called, said the bullet entered the abdomen and came out at the back, ranging downward, and there was little chance of the child living. The weapon was a 38-caliber.

### AN AGED MAN DEAD.

Charles Hosman Was Thought by Some to Have Peculiar Powers.

Charles Hosman, ninety-six years old, died yesterday about noon at his home, 92 Beville avenue, of old age. He had gradually failed for five weeks. He came to Indiana when quite young and settled near PAUSE FOR Silver Lake. For a number of years he had spent his winters here with his son J. T. Hosman. He was eighty-one years a member of the Methodist Church, He was known near Silver Lake as a man possessing peculiar powers, by use of which several ailments peculiar to children were cured without resorting to drugs. He leaves four children, William Hosman, seventy-two years, Findlay, O.; J W. Hosman, sixty-six years, Indianapolis; James Hosman, Peru, and Minor Hosman Silver Lake. He also leaves a large number of grandchildren, several great-grandchil dren and one great-great-grandchild. The funeral service will be held at the home this afternoon and the body will then be taken to Silver Lake for burial.

### NATIONAL CONVENTION.

The Christian Temperance Union Will Meet in This City.

The local Young People's Christian Temperance Union has received word from the national headquarters that the next national convention of the association will be held in Indianapolis, beginning Sept. 27. deavoring to get the convention. It is expected that about two hundred delegates will attend. At the meeting of the local union Sunday one of the officers, to demonstrate that the law is being violated produced a bottle of whisky that he said he had bought in a drug store before coming to the meeting. He said no questions were asked when he called for the liquo and the proprietor gave him a cordial invi- THE SAKS STORES tation to call again.

### Captain Kinney Back at Work.

Captain Kinney, of the city detective department, returned to his office yesterday after an absence of three months. Although his coming was unheralded the event was appropriately celebrated, Superintendent

Quigley "entertaining" with zither solos. Captain Kinney was ill of acute rheumatic fever and several times his condition was such that it was thought he could not

#### NUMBER OF SALOON LICENSES.

The State Statistician Is Compiling Figures for Indiana.

State Statistician Johnson has compiled a statement of the number of county saloon licenses issued in the ninety-two counties of this State, together with the population of each county. He did this at the request of an Evansville woman, who proposes to use the figures thus obtained in an effort to secure additional legislation against the liquor traffic. An interesting fact contained in the statement is that there are no licenses issued to saloons in Brown and Steuben counties. The statistician remarked, however, that he had seen cases of drunkennes in both counties. Marion county has a less number of licenses in proportion to its great population than any other county in the State. The population is 197,227 and the number of icenses 558. Allen county, with a popula tion of 77,270, has 230 county licenses. The statistician will shortly be in possession of figures showing the number of city saloon licenses in Indiana.

The Indiana Ranching Company. A meeting of the stockholders of the Indiana Hanching Company was held, yesterday afternoon, in Room 12, of the Statehouse and a board of directors chosen for the ensuing year, as follows: Robert Reed, of Kingan & Co.; Humphrey C. Griffith and John E. Webb, of Greenwood; Harry J. Milligan, Maj. William J. Richards and Mr. Buttolph, of this city, and Charles Downing, of Greenfield, secretary of the State Board of Agriculture. The company is engaged in sheep-raising on land in Parke county, Indiana.

#### To Fight San Jose Scale.

As a result of the joint investigation of the San Jose scale plague in Indianapolis made by State Entomologist Troop and Suuperintendent of Parks J. Clyde Power. Mr. Power has decided to bring the matter to the attention of the City Park Board and request the controller to secure an appropriation with which to fight the pest. said the disease is quite prevalent in Spen- scale has not yet begun its attacks upon

Disposition of Arsenal Grounds. Secretary Root says he has not determined yet what disposition to make of the Indianapolis arsenal grounds, according to a Journal Washington dispatch. All he can do in the matter is to make a recommendation to Congress, after which that body will do what it sees fit. The decision will really rest with the people of Indianapolis if they show anything like unanimity

#### Frenk Signs the Agreement.

The first break in the strike of the journeymen tailors came last night when G. A. Frenk, secretary of the Merchant Tailors' Exchange, signed the agreement presented by the union, which grants all the demands they ask, including recognition of the Frenk employs from fifteen to twenty-two tailors.
